The Internet, an electronic highway, connects thousands of computers, computer networks and individual subscribers around the world. PLESD users will sign an "Internet Acceptable Use Agreement" prior to being given access to PLESD Internet. This agreement will define the educational objectives and guidelines for use as well as unacceptable uses which will lead to revocation of access and possible legal action.

PLESD will install centralized software to control, monitor, and filter inappropriate material. Students under age 18 must have written parental permission before being given access to PLESDnet.

PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT POLICY

Internet provides access to computer systems located all over the world. Users (and parents of users, if the user is younger than age 18) must understand that PLESD cannot control the content of the information available. Some of the information is controversial and, sometimes offensive. However, the valuable information and interaction accessible on this worldwide network outweigh the possibility that users may find inappropriate material. The PLESD does not condone the use of such materials and takes all reasonable precautions to filter access to these materials; however, it can not be guaranteed that the user will not access inappropriate material. The responsibilities accompanying freedom of speech and access to information will be taught. School employees, students and parents must be aware that access to the Internet will be withdrawn from users who do not respect the right of others or who do not follow the rules and regulations established by the PLESD goals and the types of information students will be able to access:
