Dental Appointment Tips

1. Dentists sometimes limit the number of Medi-Cal patients they see, so expect a wait for non-emergency appointments.
2. When you do get an appointment, be a good patient. Get to the appointment on time, take your child's Medi-Cal card with you, and have your child's teeth brushed and clean. If you aren't able to keep the appointment, be sure to call the dentist's office so they can book someone else for that time and reschedule you.
