## Group Term Life

Convenient, employer-provided life insurance offering financial protection for your loved ones. TCSIG through ReliaStar Life Insurance Company, a member of the Voya Financial Family of Companies, offers six levels of life insurance and AD&D coverage.

### What is Group Term Life Insurance?

Group Term Life Insurance is offered through your employer and pays a benefit to your beneficiary if you pass away during a specific period of time (known as a “term”). The term of this coverage is generally one year, renewing on an annual basis with your other employer-offered benefits.

### What is Accidental Death and Dismemberment (AD&D) Insurance?

AD&D Insurance pays a benefit to you or your beneficiary, separate from the life insurance benefit, if you are severely injured or die as the result of a covered accident. This coverage is part of the Group Term Life Insurance offered through your employer.

### Who is eligible for life insurance?

You—all active employees regularly working 20+ hours per week in a public entity employer group electing benefits of \$200,000

Your spouse\*— If your spouse is covered under the policy as an employee, then your spouse is not eligible for coverage under the spouse rider/benefit.

Your children—birth to age 26. If both you and your spouse are covered under the policy as employees, then only one, but not both, may cover the same children under the children’s rider/benefit. If the parent who is covering the children stops being insured as an employee, then the other parent may apply for children’s coverage.

\*The use of “spouse” in this document means a person insured as a spouse as described in the certificate of insurance or rider. This may include domestic partners or civil union partners as defined by the group policy. Please contact your employer for more information.

### What amount of coverage am I eligible for?

For you - Class 6 employees

Your employer provides you with Basic Life Insurance of \$200,000.

For your spouse\*

Your employer provides you with \$5,000 of Basic Life Insurance on your spouse.

For your children

### Counseling

Assessment counseling is available face-to-face in or near the employee's residence or workplace. The HBA counseling panel consists of several thousand licensed counselors, psychologists and clinical social workers who are located throughout the United States and in Guam, Puerto Rico, and the American Virgin Islands. HBA maintains an "open panel" and will add qualified counselors to that panel at the request of employees, dependents, or employer representatives.

When providing services to the employee or dependent, the primary role of the counselor is to provide assessment services. All counselors are state-licensed professionals with master's or doctoral degrees and four or more years counseling experience. The average HBA counselor has 13.5 years experience. Counselors are selected based on their skill as diagnosticians, their knowledge of local treatment resources, and their EAP experience. The objective of assessment counseling is to clearly identify the problem(s) and arrange for appropriate treatment.

Qualified intake counselors are always available to provide referral assistance and respond to crisis calls. Multi-lingual counselors and others with specialized training are available in most locations.

An HBA intake counselor follows up on every case. Clients are re-contacted within seven days of the referral to ensure the client was able to contact the assessment counselor or treatment resource.

### Legal Assistance

Each Member is entitled to one free consultation each, for up to three separate legal matters per year. In the event you decide to retain the attorney after the consultation, you will be provided with a preferred rate reduction of 25% from the attorney's normal hourly rate.

Examples of the type of legal matters for which you may use this program include:

- Civil/Consumer Issues
- Personal/Family Law Services
- Criminal Law, Misdemeanor and Felony
- Business Legal Services
- Wills and Trusts
- Real Estate Law

The only ineligible issue is employment law.

### Credit Debt Services

Lawyers uniquely skilled in the areas of re-negotiating debt perform these services with creditors in order to assist members with overdue bills. This is an excellent alternative to bankruptcy and has led to the restoration of credit worthiness for many of our members. These lawyers are also proficient at assisting members to repair derogatory credit information, which may exist on their credit reports. These services are provided in strict compliance with the Federal Fair Credit Reporting Act as well as any and all related state laws.

### Debt Counseling

The National Association of Consumer Credit Counseling Agencies is composed of Consumer Credit Counseling Agencies with offices throughout the country. These agencies provide the following services for Employee Assistance Program referrals:

- Debt Counseling for employees, their dependents, and family members
- Budget Preparation based on the individual's current financial position and income
- Credit Negotiation to develop agreements between the debtor and creditors based on the budget developed for that debtor
- Monitoring of the debtor's ability to meet the agreements

If a client enters into a repayment agreement negotiated by Consumer Credit Counseling, he or she will be expected to write one or two monthly checks to the agency. Those funds will be used by the agency to repay creditors. Most creditors will accept these agreements and will suspend or reduce interest added to the credit balance as long as they receive monthly payments. There is a small administrative fee charged to the client each month for this service.

## Healthcare Bluebook

Healthcare Bluebook is a FREE added healthcare benefit to help you shop for care, compare facilities, save money on healthcare services, and earn rewards. The web and mobile applications make it easy to save money on hundreds of the most common medical services and procedures by showing you the cost ranges in your area and providing you with a selection of FAIR PRICE facilities.

Bluebook's web and mobile application make it easy to save money on hundreds of common medical services and procedures by showing you the cost ranges in your area and providing you with a selection of Fair Price™ (green) facilities.

Detailed information is also provided on the quality of common inpatient procedures (those that require a hospital stay). Healthcare Bluebook will help you to easily identify and select a facility that has a high-quality rating.

What is the "FAIR PRICE?"

The Fair Price™ is the amount you should reasonably expect to pay for a service or procedure and is based on the actual amount paid on the claim, not the billed amount, reflecting the discounts that the health plan has negotiated with the facility.

Here's an example of dramatic price differences between one facility and another.

## QUALITY

Aren't all hospitals good at everything?

No, very few hospitals are good at all procedures. For example, a hospital can be among the highest performing facilities in the US for heart surgery, yet the same hospital can also be among the lowest performing facilities for joint replacement.

Can cheaper mean better quality? YES! Absolutely!

Providers with lower costs can have higher quality; there is no correlation between high cost and high quality. Healthcare Bluebook provides cost and quality ratings side-by-side for inpatient procedures, which is where quality matters most. By using Bluebook, it's easy to see which facilities offer the highest quality at the lowest costs.

### REWARDS

How do I earn Go Green to Get Green Rewards?

You can earn rewards by simply visiting green providers for rewards-eligible procedures. Bluebook does all of the processing; there are no additional forms to submit.

Always check in-network status before scheduling.
